1. **Purpose of the Partnership / Overall Considerations**

1.1. The Global Partnership for Financial Inclusion (GPFI) was established by the G20 at the 2010 Seoul Summit as a “systematic structure for implementing the G20 Financial Inclusion Action Plan.” The GPFI was officially launched at its first meeting in Seoul on 10 December 2010. It is described as an “inclusive platform for all G20 countries, interested non-G20 countries and relevant stakeholders.”

1.2. The GPFI is designed to take forward the G20’s work on financial inclusion, facilitate efficient and effective coordination to support various ongoing financial-inclusion efforts, monitor progress over time against agreed objectives and ensure continuity on financial inclusion in global discussions.

1.3. The GPFI is an arm of the G20; its work is consistent with the goals of the G20 and follows G20 protocols, G20 processes and working arrangements within the G20 Finance Track, reflecting the priorities of the G20 Leaders, under the representation of the G20 Sherpas.

1.4. The GPFI’s role was defined by the *Seoul Development Consensus for Shared Growth* document and by the commitments made by G20 Leaders and G20 Finance Ministers and Central Bank Governors (FMCBGs) in 2010. Its scope of work and overall objectives are defined by the three-year G20 Financial Inclusion Action Plan (FIAP), Section 1.2.

1.5. The GPFI is responsible for updating the G20 FIAP to reflect current G20 commitments and for establishing and following GPFI annual work plans within, and consistent with, the G20 FIAP.

1.6. The GPFI coordinates with other G20 workstreams on matters related to financial inclusion to promote harmonization, avoid duplication and maximize synergies among them.

1.7. The GPFI reports to the G20 FMCBGs and, through the G20 Sherpas, to the G20 Leaders, notably via the annual GPFI Progress Report to G20 Leaders.

1.8. The GPFI will conduct its activity until the G20 considers its work complete.

1 See Annex 1 for a glossary of terms.
2. **Membership**

**GPFI Members**

2.1. The GPFI membership consists of the G20 Member Countries (including GPFI Co-Chairs), participating non-G20 countries, Implementing Partners, Affiliated Partners, and the Honorary Patron. All GPFI members participate in the GPFI, attending GPFI meetings and contributing to GPFI outputs and initiatives.

**G20 Member Countries**

2.2. G20 Member Countries are members of the GPFI by right.

2.3. G20 Member Countries participate in the GPFI by attending GPFI meetings, contributing to GPFI outputs and initiatives, and endorsing, on a non-objection basis, GPFI-branded outputs and initiatives (see Sections 3, 5 and 6).

**GPFI Co-Chairs**

2.4. Two long-term GPFI Co-Chairs are selected from G20 Member Countries: one from an advanced economy and the other from an emerging-market/developing economy. They are responsible for leading the work program and activities of the GPFI for the duration of the FIAP and work collaboratively with the G20 Presidency, GPFI Troika and all GPFI Members.

**Participation of Countries beyond G20 Countries**

2.5. The two GPFI Co-Chairs (in consultation with the G20 Presidency) may invite non-G20 countries to participate in the work of the GPFI. Participating non-G20 countries may support GPFI work in any of the following ways: attending the GPFI Plenary; engaging in the GPFI Forum; and contributing to GPFI outputs and to other specific activities. Non-G20 countries may also express their interest in such participation.

2.6. Approval for non-G20 countries to participate in the work of the GPFI is subject to non-objection by the GPFI Co-Chairs and the G20 Presidency. Participating non-G20 countries remain members until they withdraw or fail to participate actively for one year. In case of terminating the membership of any non-G20 country, the GPFI Co-Chairs should confirm the member’s intention through prior consultation. Nominations from interested non-G20 countries should be submitted to the GPFI Co-Chairs and to the G20 Presidency via e-mail.

**Implementing Partners**

2.7. Under the leadership of the GPFI Co-Chairs, Implementing Partners support the implementation of GPFI activities under the G20 FIAP in close cooperation with G20 Member Countries, participating non-G20 countries, Affiliated Partners and other relevant

---

1 Advanced-economy and emerging-market/developing-economy as defined by the IMF.
2.8. Current GPFI Implementing Partners are the Alliance for Financial Inclusion (AFI), the Better Than Cash Alliance (BTCA), the Consultative Group to Assist the Poor (CGAP), the SME Finance Forum, the International Finance Corporation (IFC), the World Bank as the World Bank Group (WBG), the International Fund for Agricultural Development (IFAD) and the Organization for Economic Co-operation and Development (OECD).

2.9. GPFI Co-Chairs may express interest in bringing on board a new Implementing Partner. This is subject to: (i) the existence of a clear need for, or the comparative advantage of, a new Implementing Partner and (ii) confirmation of the capacity of the proposed Implementing Partner to fulfill the identified new need or to contribute uniquely. If these conditions are met, the GPFI Co-Chairs, in consultation with the G20 Presidency, may grant approval for the new Implementing Partner (based on an assessment of value added), subject to the approval on a non-objection basis by GPFI Member Countries. Upon the completion of this approval process, the GPFI Co-Chairs will announce the integration of the new Implementing Partner into the GPFI.

2.10. Participating Implementing Partners will remain GPFI members until they withdraw from the GPFI or until the GPFI Co-Chairs (in consultation with the G20 Presidency) deem the above-mentioned conditions are no longer satisfied. In case of terminating the membership of any Implementing Partner, the GPFI Co-Chairs should confirm the member’s intention through prior consultation. The Co-Chairs will periodically review that the participation of Implementing Partners remains appropriate to support the objectives of the GPFI.

Affiliated Partners

2.11. Other relevant International Organizations (IOs), Non-Governmental Organizations (NGOs) and other stakeholders from the public and private sectors active in the action areas of the GPFI may be proposed by the GPFI Co-Chairs (in consultation with the G20 Presidency), to participate in GPFI work as Affiliated Partners to pursue specific goals. Their participation is linked to a specific deliverable within the G20 FIAP. These entities are global institutions that are neutral and do not present any possible conflicts of interest. The GPFI Co-Chairs (in consultation with the G20 Presidency) may propose the inclusion of the new Affiliated Partners (based on an assessment of value added and linked to the validation period of the G20 FIAP of three years), subject to subsequent non-objection by GPFI Member Countries. Participation can be renewed at the initiative of the GPFI Co-Chairs for the upcoming FIAP to meet specific deliverable requirements. In the event of any Affiliated Partner terminating its membership, the GPFI Co-Chairs should confirm the member’s intention through prior consultation.

Honorary Patron

2.12. The GPFI Co-Chairs are responsible for the relationship of the GPFI with the Honorary Patron.

2.13. The GPFI Honorary Patron advocates for financial inclusion, including the importance of complementarity and coherence among multilateral and international policy initiatives as well as the importance of engaging relevant stakeholders at global and national levels.
2.14. The GPFI Honorary Patron is regularly informed and consulted by the GPFI Co-Chairs on the work and emerging initiatives of the GPFI and contributes to promoting the GPFI’s work in the international arena.

2.15. Consultations between the GPFI Co-Chairs and the office of the GPFI Honorary Patron will be conducted at the beginning of a new G20 Presidency in order to define the scope and nature of the participation, as appropriate, of the GPFI Honorary Patron during a given G20 Presidency. Further consultations can take place at any time during each G20 Presidency.

2.16. Her Majesty Queen Máxima of the Netherlands, the UN Secretary-General’s Special Advocate for Inclusive Finance for Development, is currently the Honorary Patron of the GPFI. As part of her role as Honorary Patron, Queen Máxima works to strengthen the synergies between the UN and the G20 in the field of inclusive finance for development.

3. **Organization of Work**

   **Leadership and Governance**

   3.1. The GPFI Co-Chairs are responsible for managing the activities of the GPFI, for a three-year period coinciding with the duration of the FIAP. This ensures the continuity of the work program and permits the GPFI Co-Chairs to conclude the GPFI’s activities under the FIAP.

   3.2. GPFI Co-Chairs lead (in consultation with the G20 Presidency) and manage the overall work of the GPFI, including development of GPFI activities and outputs while ensuring this work is consistent with the current G20 FIAP and the instructions of the G20 Leaders and FMCBGs. They cooperate with the respective G20 Presidency to manage the GPFI’s work on any short-term (one-year) priority; they also cooperate with the G20 Presidency to coordinate GPFI work with other G20 workstreams.

   3.3. The G20 Presidency is responsible for the one-year priorities of the GPFI under the Presidency, in coordination with the Co-Chairs and the GPFI Troika, and for holding GPFI Forum and GPFI meetings through the Presidency year.

   3.4. The GPFI Troika, comprised of the G20 Presidency countries from the previous, current and subsequent years, while being kept constantly informed about the work of GPFI, plays an advisory role so that the GPFI Co-Chairs can consult them on a necessary basis to discuss major issues and make decisions.

   **Work of the GPFI**

   3.5. The work of the GPFI, organized into priorities, action areas and deliverables, is managed by the GPFI Co-Chairs. The Terms of Reference for the GPFI will be updated by GPFI Co-Chairs (in consultation with the G20 Presidency, GPFI Troika and GPFI Members) in conjunction with the revision of the G20 FIAP (every three years) and subject to approval on a non-objection basis by GPFI Member Countries.
3.6. Representatives from G20 Member Countries, participating non-G20 countries, Implementing Partners and Affiliated Partners are invited to participate in the work of the GPFI. Appropriate Implementing Partners and Affiliated Partners for each deliverable will be appointed under the direction and guidance of the GPFI Co-Chairs (in consultation with the G20 Presidency).

3.7. The process of FIAP priorities will be reviewed every three years through the development of a progress report and the updating of the G20 FIAP in a process managed by the current GPFI Co-Chairs and upcoming GPFI Co-Chairs (in consultation with G20 Presidency, GPFI Troika and GPFI Members).

Appointment of GPFI Co-Chairs

3.8. The GPFI is co-chaired by two long-term (not permanent) representatives of G20 Member Countries, for a minimum of three years, selected from one advanced and one emerging-market/developing economy.²

3.9. The G20 Presidency (in consultation with the GPFI Troika) will appoint the GPFI Co-Chairs following a call for expressions of interest (through written correspondence, which will be shared with G20 Member Countries) from interested G20 Member Countries.

3.10. In evaluating prospective GPFI Co-Chairs, the G20 Presidency should consider the expertise and experience of the countries’ representatives on both G20 and financial inclusion issues, their willingness and ability to dedicate the requisite time and resources (including staff) to responsibly and effectively deal with the workload of managing the GPFI and its portfolio, and their willingness and ability to work constructively with the G20 Presidency, GPFI Troika, the GPFI membership and other relevant stakeholders.

3.11. The G20 Presidency (in consultation with the GPFI Troika) will select Co-Chairs for the GPFI and provide the explicit criteria on which such a selection is based. If a GPFI Troika country stands as a candidate for Co-Chair, it should be excluded from the selection process. The selected Co-Chairs will be presented to G20 Member Countries by the G20 Presidency with the rationale for their selection for approval on a non-objection basis. If the incumbent G20 Presidency expresses interest in standing as a candidate for Co-Chair, the selection of GPFI Co-Chairs shall be made by the remaining two Troika members, who will present the selected Co-Chairs to G20 Member Countries with the rationale for their selection for approval on a non-objection basis.

3.12. If two or all three of the GPFI Troika countries stand as candidates for the Co-Chair, both or all of them, as the case may be, should be excluded from the selection process. A three-member committee will be formed to select the Co-Chairs in such cases. The committee will be composed of previous G20 Presidency countries and the incoming G20 Presidency country, except for those that have expressed interest in and nominated candidates to be Co-Chairs.

² In order to maintain a close connection to the G20 and its priorities, non-G20 countries would not in principle be eligible to serve as co-chairs. Nevertheless, non-G20 countries are still invited and encouraged to participate in the work of the GPFI, as discussed in further detail in the membership section.
The three-member committee will present the selected Co-Chairs to G20 Member Countries with the rationale for their selection for approval on a non-objection basis.

3.13. Co-Chairs are expected to take on this commitment for a minimum of three years. The tenure of the Co-Chairs will formally begin at the start of an upcoming FIAP and last for its duration. This will ensure continuity during the execution of a work program and permit the Co-Chairs to oversee the GPFI activities under the FIAP to their conclusion.

3.14. In the event that one or both Co-Chairs is/are unable to participate in the work of the GPFI for a period longer than three months, the G20 Presidency (in consultation with the GPFI Troika) may appoint an acting Co-Chair, from, in order of preference: the member country of the previous Co-Chair, one of the current troika Member countries or another G20 Member Country. The appointment will be made ensuring that GPFI work is led by one Advanced Economy (AE) and one Emerging Market Economy (EME) at all times, as indicated in 2.4 above. The acting Co-Chair will act as Co-Chair for all purposes (as set out in 4.1, 4.2, 4.3 and 4.4). The acting Co-Chair’s term will end when the long-term Co-Chair resumes their position or at the end of the current FIAP – whichever takes place earlier.

3.15. In the event a GPFI Co-Chair wishes to resign before a three-year term is completed, the GPFI Co-Chair will give the incumbent G20 Presidency six-months’ notice with justification, allowing for the appointment of a replacement.

3.16. Succession considerations for new GPFI Co-Chairs will take place in the beginning of the third year and will include current GPFI Co-Chairs interested in continuing their role. The selection of new GPFI Co-Chairs should take place a minimum of six months before the end of the third year to allow them to participate in updating the upcoming FIAP.

3.17. G20 countries are permitted to serve as GPFI Co-Chairs for more than one term. If one or both countries wish to continue and the G20 Presidency (in consultation with the GPFI Troika) assesses them as able to manage the GPFI, it is reasonable to permit them to do so. However, even in that case, a call for other expressions of interest would be required. All expressions of interest will be considered before any affirmative decision is made on allowing GPFI Co-Chairs to serve an additional three-year term. The G20 Presidency/Three-member Committee, as the case may be, will present its decision on the selected Co-Chairs to the G20 Member Countries for their final approval on a non-objection basis.

Support of Implementing Partners

3.18. Implementing Partners support the GPFI Co-Chairs and the GPFI Member Countries in fulfilling GPFI commitments. The support to be offered is decided in consultation with the GPFI Co-Chairs and the G20 Presidency, has to be coherent with the deliverables defined in the FIAP and has to draw upon the respective expertise of the Implementing Partners. Support may include organizing meetings related to particular work plan deliverables, preparing reports and other documents on topics of expertise, and preparing inputs into GPFI and G20 processes. Care is to be taken to distinguish between activities and documents undertaken by Implementing Partners in the name of the GPFI (GPFI-branded, in accordance with Sections 5 and 6 below) and activities and documents distinct from GPFI activities and
documents. The activities undertaken by the Implementing Partners must be requested by GPFI Co-Chairs (in consultation with the G20 Presidency) and related to the deliverables established in the FIAP and the Presidency one-year priority paper.

Support of Affiliated Partners

3.19. Affiliated Partners contribute to the work of the GPFI with a narrower focus than that of the Implementing Partners. They focus on one or more action areas and/or deliverables, often within a specific thematic area. They contribute to GPFI events and to the preparation of GPFI-branded documents. GPFI Co-Chairs, in consultation with the G20 Presidency, shall request the contribution of the Affiliated Partner(s) for the activities related to the deliverables established in the FIAP.

4.3.1 Liaising with the office of the Honorary Patron, providing updates on GPFI activities and reviewing the G20 FIAP while soliciting the support of the Honorary Patron at the beginning of each G20 Presidency in order to define the scope and nature of the Honorary Patron’s participation as appropriate. Further consultation can take place at any time during each G20 Presidency;
4.3.2 Representing the financial inclusion community under the Bank for International Settlement/SSBs enhanced cooperation arrangement to continue to mainstream the financial inclusion agenda and engage with regulators and SSBs under the leadership of the G20; and

G20 Presidency

4.5 The G20 Presidency is responsible for the following:

4.5.1 Hosting at least one plenary meeting (open to GPFI Members) and one GPFI Forum or Workshop (open to a broader range of stakeholders including non-G20 countries)
during the calendar year; and provide the virtual connection for members that for
exceptional reasons could not attend face-to-face meetings;

Presidency year falls in the final year of the current FIAP, following expressions of
interest from G20 Member Countries and presenting them to the GPFI Member
Countries for approval on a non-objection basis; and
4.5.6 Monitoring progress under the Accountability Framework in the FIAP (in consultation
with the GPFI Troika).
4.5.7 Covering the annual fees relating to the maintenance of the GPFI website.

GPFI Troika

4.6 The GPFI Troika is responsible for the following:

4.6.1 Supporting the G20 Presidency in the process of selecting the GPFI Co-Chairs;
4.6.2 Supporting the GPFI Co-Chairs and the G20 Presidency in reviewing GPFI documents,
including the G20 FIAP and GPFI Terms of Reference, every three years;
4.6.3 Supporting the G20 Presidency in measuring progress against the FIAP under the

on relevant expertise required to address a clearly focused topic or to develop an
output or activity directly related to the GPFI annual work plan.

Temporary Sub-Committees

4.7 The GPFI Co-Chairs may propose the establishment of a Temporary Sub-Committee, including
the duration of its work, purpose, objective(s) and work lead(s), to GPFI Members, subject to
approval on a non-objection basis. The GPFI Co-Chairs may establish for a short period
(normally, no longer than one year) a Temporary Sub-Committee to address a clearly focused
topic or to develop an output or activity directly related to the GPFI annual work plan.

4.8 The selection of a Temporary Sub-Committee lead(s) will be the responsibility of the GPFI Co-
Chairs (in consultation with GPFI Troika), based on relevant expertise required. Following the
proposal to establish a Temporary Sub-Committee, interested GPFI member countries may
express their willingness to be the lead(s). When selecting the lead(s), the GPFI Co-Chairs will
engage in adequate consultation with the interested GPFI member countries. The Temporary
Sub-Committee lead(s) will report directly to the GPFI Co-Chairs.

4.9 The mandate, leadership, membership, time frame and mechanism to consult GPFI Member
Countries, along with the expected outputs, will be made clear at the establishment of the
Temporary Sub-Committee. A Temporary Sub-Committee, upon objective and justified circumstances, may continue beyond the specified time frame upon approval from the GPFI Co-Chairs and the GPFI Troika. All GPFI Members are able to participate in the Temporary Sub-Committee. The GPFI Co-Chairs will review the ongoing activities and need for continuation of any Temporary Sub-Committee at least once annually.

5. **Outputs**

5.1. The GPFI will prepare and finalize the following documents annually in consultation with GPFI Members:

5.1.1. A GPFI Priorities Paper prepared by the G20 Presidency;

Documents to be branded as GPFI material are subject to the approval process described in Section 5.3.

5.3. In general, the documents described in Sections 5.1.1, 5.1.2, 5.1.3 and 5.2, as well as other documents that are to be GPFI-branded documents, are subject to the following approval process, with adequate time allowed for each step:

1. Identification by the GPFI Co-Chairs of a planned document as potential GPFI-branded document within the work of the GPFI consistent with the G20 FIAP;
2. Consultation with Implementing and Affiliated Partners with respect to outputs with overlapping subject matter;
3. Clearance of the document by the GPFI Co-Chairs;

6.3. Branding/endorsement of these initiatives will be submitted by the GPFI Co-Chairs for non-objection to GPFI Member Countries and, where required, for the approval of G20 FMCBGs.
Glossary

**Affiliated Partners**
International organizations and non-governmental organizations, as well as other stakeholders from the public and private sectors engaged in the subject areas of the GPFI that participate in the work of the GPFI to pursue specific goals. These are global institutions that provide technical expertise in their respective areas, have a developmental mandate and are neutral—i.e., they do not present any possible conflicts of interest. Affiliated Partners remain members of the GPFI until they withdraw.

**Approval on a non-objection basis**
The process whereby products of the GPFI (and any other GPFI-branded documents) and other relevant decisions of the GPFI are sent to GPFI Member Countries for final approval (possibly via e-mail). For the documents of the GPFI, this will follow the completion of the review and approvals process by GPFI Members.

An objection should be raised by GPFI Member Countries if there is an issue that would prevent the documents or products of the GPFI from being published or prevent the proposed decisions of the GPFI from being approved.

**Global Partnership for Financial inclusion (GPFI)**
An inclusive partnership mechanism officially launched in December 2010 at the Seoul G20 Summit to take forward the G20’s work on financial inclusion. It is a “systematic structure for implementing the G20 Financial Inclusion Action Plan.”

The GPFI’s role was originally defined by the 2010 Seoul Development Consensus for Shared Growth document and by commitments made by G20 Leaders and FMBCGs, which are now defined in these Terms of Reference. Its scope of work is translated into multi-year G20 FIAPs.

**G20 (Group of Twenty)**
The premier forum for international economic cooperation. The G20 brings together leaders from 19 individual countries of the world’s major advanced and emerging economies, and the European Union. It was founded in 1999, at the level of Finance Ministers and Central Bank Governors, with the initial aim of studying, reviewing, and promoting high-level discussion of policy issues to address the major global economic challenges, promote international financial stability and foster global economic growth.

In the wake of the 2008 global financial crisis, the G20 was elevated to include the leaders of member countries. The first G20 Leaders’ Summit took place in Washington D.C. in November 2008. Consequently, the G20 agenda expanded beyond macro-financial issues, to include socio-economic and development issues.

**G20 Financial Inclusion Action Plan (FIAP)**
The core three-year outline for the GPFI. It lays out i) GPFI’s overarching objectives, ii) action areas under the agreed prioritized topics; and iii) a set of cross-cutting issues and topics to be taken into account across the work of the GPFI.
